Professional Summary

Motivated Informatics Engineering student with a strong passion for UI/UX design and Machine Learning. Adept at translating complex system logic into intuitive, user-centric interfaces and developing data-driven models using Python. Combines technical proficiency in software development with proven leadership, problem-solving, and communication skills gained through extensive organizational and event management experience.

Education

UIN Syarif Hidayatullah Jakarta

Bachelor's degree in informatics engineering | Class of 2025

Technical Skills

- **Programming & Tech:** Python, Java, Data Science, Machine Learning, HTML, CSS.
- **UI/UX & Design:** Figma, Canva, High-Fidelity Prototyping, User Flow, Visual Hierarchy.
- **Media & Editing:** Adobe Premiere Pro, CapCut, Photography.
- **Soft Skills:** Leadership, Teamwork, Event Planning, Problem Solving, Communication.
- **Languages :** Bahasa Indonesia (Native), English : (Intermediate - Professional Working Proficiency)

Key Projects

Car Price Prediction Model | *Machine Learning*

- Developed a machine learning model using Python to predict vehicle prices based on comprehensive datasets.
- Implemented data processing, pattern recognition, and algorithm fundamentals without relying heavily on external libraries to strengthen core logic.

Application UI/UX Prototype | *Design & Prototyping*

- Designed high-fidelity user interfaces and prototypes focusing on intuitive navigation, seamless screen transitions, and clear visual hierarchy using Figma and Canva.

Professional Experience

Google Developer Group (GDGoC) UIN Jakarta Participant - *AI/ML Beginner Class*

- Actively engaged in implementing machine learning algorithms and exploring data science concepts.

Ikatan Pelajar Muhammadiyah (IPM) | (2024 – 2025)

Head of Documentation

- Led the documentation team in designing visual concepts and managing multimedia assets (photos and videos) for organizational publications and social media.

Taruna Melati | (2023)

Head of PDD (Publication, Decoration, Documentation)

- Directed the design strategy and managed social media content, significantly improving event awareness.
- Oversaw end-to-end event documentation while coordinating effectively with other divisions.

Limau Cup | (2023)

Member of PDD

- Designed promotional banners and murals to enhance the visual appeal of the event venue.
- Executed comprehensive photo and video documentation from the pre-event phase through to post-event wrap-up.

Ikatan Pelajar Muhammadiyah (IPM) | (2023)

Human Resources - Recruitment Team

- Conducted interviews and evaluated candidates to successfully recruit and onboard new organization members.

Himped x Melati 2026 | (2026)

PDD / Documentation Team

- Managed visual asset delivery and executed comprehensive event documentation, ensuring high-quality portfolios for community service reports.
